

**Morgan Offshore Wind Project Generation Assets**

**Morecambe Offshore Windfarm Generation Assets**

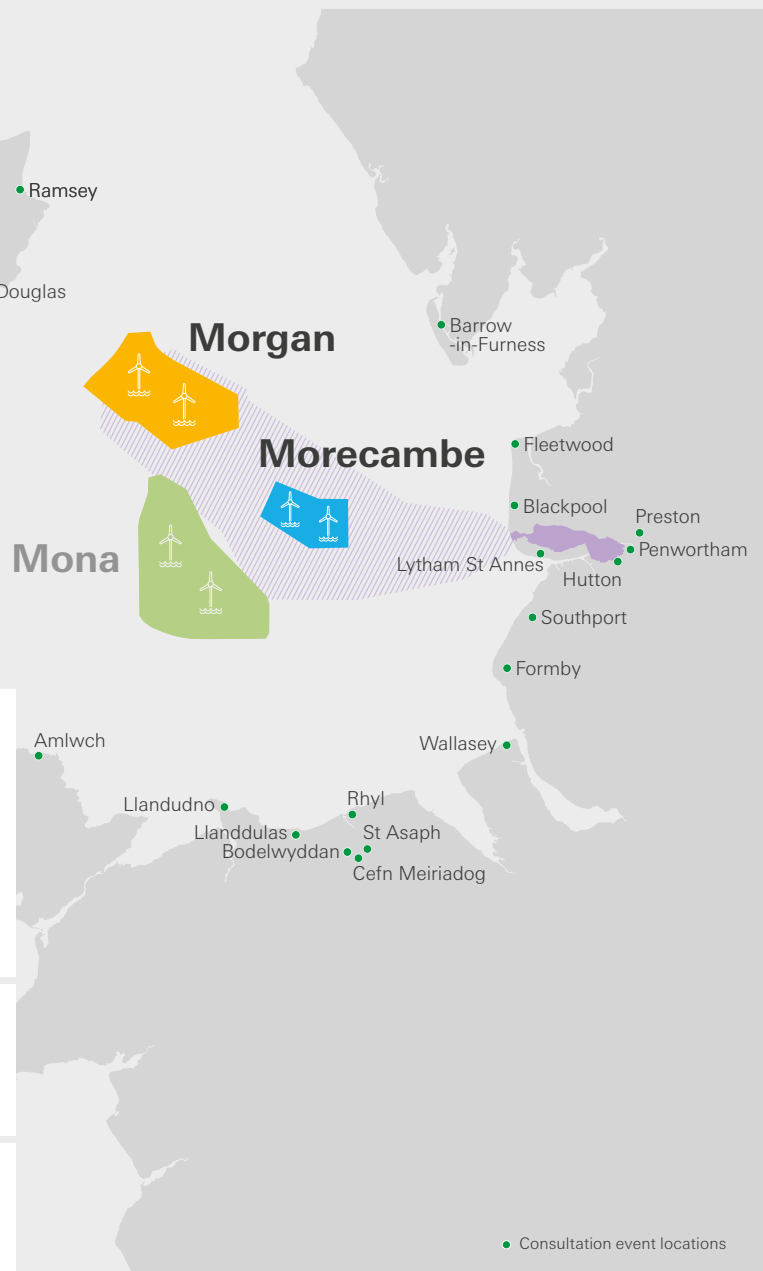

**Morgan and Morecambe Offshore Wind Farms: Transmission Assets**

# Consultations open: 19 April to 4 June 2023

We're holding three separate consultations and we want to hear your views. Statutory consultations are now open for **Morecambe Offshore Windfarm Generation Assets** and **Morgan Offshore Wind Project Generation Assets**. These projects are two new offshore wind farms being developed in the Irish Sea.

A non-statutory consultation is also open for **Morgan and Morecambe Offshore Wind Farms: Transmission Assets**. This focuses on the infrastructure which connects both wind farms (generation assets) to the existing electricity network.

**Please provide feedback and have your say on each of the three separate consultations by 4 June 2023.**

**Come and see us:**

All information regarding the consultations can be found on the project websites (see below). Alternatively, visit one of our joint public events, which are highlighted on the map. These are a great way to find out more about each project and ask any questions you may have. Scan the QR code or visit the website for more details.
