

Morecambe Offshore Windfarm Generation Assets

Statutory consultation feedback form
19 April to 4 June 2023

Fold B

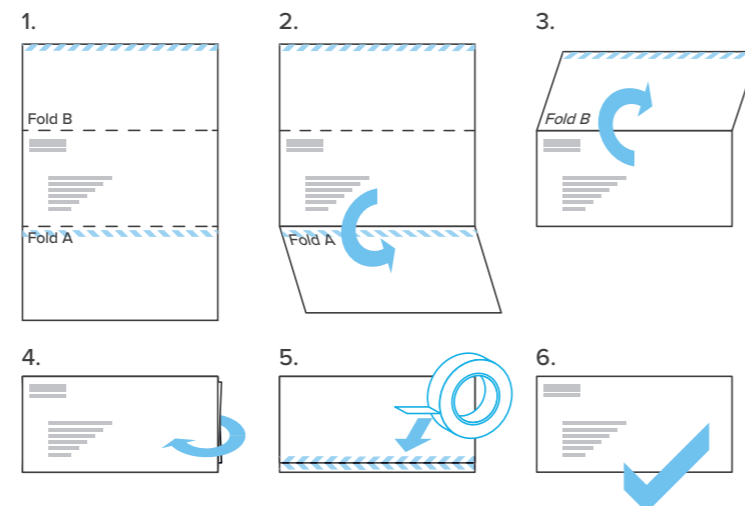

FREEPOST MORECAMBE GENERATION

Fold A

Folding instructions

Once you've completed the questionnaire please follow these instructions before returning it to us:

1. With the return address facing you...
2. fold the bottom part backwards along Fold A;
3. fold the top part backwards along Fold B;
4. turn the folded questionnaire over; and
5. secure it by sticking clear tape along the length of hatched area.
6. There's no need for a stamp, just pop it in the post.

Project overview

Morecambe Offshore Windfarm is a proposed offshore windfarm located in the east Irish Sea. It's anticipated to generate a nominal capacity of 480 megawatts (MW) and produce renewable power for over 500,000 homes in the United Kingdom (UK). At its nearest point, the windfarm site is approximately 30 kilometres (km) from the shore of the Lancashire coast. The windfarm will help the UK to achieve its target of generating 50 gigawatts (GW) of power from offshore wind by 2030.

The Morecambe Offshore Windfarm Generation Assets are expected to include:

- Up to 40 wind turbine generators (WTGs)
- Up to two offshore substation platforms (OSPs)
- Platform link (interconnector) cables
- Inter-array cables

WTGs and OSPs will be fixed to the seabed with foundation structures. The electricity generated by the WTGs would be transported to the National Grid via the Transmission Assets project (together with transmission infrastructure for the Morgan Offshore Wind Project). The Transmission Assets project is the subject of a separate application for consent. This form focuses on gaining feedback in relation to the Morecambe Offshore Windfarm Generation Assets project.

Visit www.morecambeandmorgan.com/morecambe to find out more about our proposals. We encourage you to complete this feedback form while referring to a number of other resources designed to help you understand the Project in more detail. These are available to read via our website, at consultation events, and at a number of deposit locations across the project area.

The consultation

Our consultation is now open and will run for 47 days, from 19 April to 4 June 2023.

Your feedback will help us to develop our plans in preparation to submit our application for a Development Consent Order (DCO) to the Planning Inspectorate and Secretary of State for Energy Security and Net Zero.

How to respond

Please complete this feedback form and return to us using our freepost address: **FREEPOST MORECAMBE GENERATION**. Simply fold and stick your response form with the freepost address on the front and put it in your local post box. There is no need to use a stamp.

As well as completing this feedback form, you can also submit feedback via the following methods:

Online:

Complete this feedback form online by visiting www.morecambeandmorgan.com/morecambe or leave a comment on our online consultation feedback map. The mapping tool allows you to leave comments at specific locations.

Email:

Send your response to hello@morecambeoffshorewind.com.

Post:

Write to us at **FREEPOST MORECAMBE GENERATION**

Should you have any questions or require more information, please visit our website www.morecambeandmorgan.com/morecambe or call the project team on **0800 915 2493 (option 2)**

Once consultation has closed, we will carefully consider all the feedback we receive as we continue to further develop our plans for Morecambe Offshore Windfarm Generation Assets. A Consultation Report summarising the feedback and showing how it has informed our refinements of the project will then be produced, which will form part of our Development Consent Order (DCO) application.

Personal information

Title: _____ First name: _____

Date: _____ Surname: _____

Company / organisation, if applicable (optional): _____

Address: _____

Postcode (optional): _____ Email address: _____

How would you describe your interest in Morecambe Offshore Windfarm Generation Assets project?

Local interest group Local resident Statutory body

Local business Local representative Other (please specify) _____

Please tick this box if you would like to receive future project updates.

Please refer to the privacy notice overleaf for details of how we will handle your data.

Q1 Do you have any comments on the work we've undertaken on the project to date generally, as well as specifically on the areas listed (1.1 to 1.16)?

This is set out in detail in our Preliminary Environmental Information Report (PEIR), which includes surveys and assessments carried out by the Project to date, and more succinctly summarised in our PEIR Non-Technical Summary (PEIR NTS). These are both available to read in full at www.morecambeandmorgan.com/morecambe.

<p>1.3 Benthic Ecology See our PEIR NTS and chapter 9 (Benthic Ecology) of our PEIR</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>1.4 Fish and Shellfish Ecology See our PEIR NTS and chapter 10 (Fish and Shellfish Ecology) of our PEIR</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>
<p>1.5 Marine Mammals See our PEIR NTS and chapter 11 (Marine Mammals) of our PEIR</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>1.6 Offshore Ornithology See our PEIR NTS and chapter 12 (Offshore Ornithology) of our PEIR</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>
<p>1.7 Commercial Fisheries See our PEIR NTS and chapter 13 (Commercial Fisheries) of our PEIR</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>1.8 Shipping and Navigation See our PEIR NTS and chapter 14 (Shipping and Navigation) of our PEIR</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>

1.9 Marine Archaeology and Cultural Heritage
See our PEIR NTS and chapter 15 (Marine Archaeology and Cultural Heritage) of our PEIR

1.10 Civil and Military Aviation and Radar
See our PEIR NTS and chapter 16 (Civil and Military Aviation and Radar) of our PEIR

1.11 Infrastructure and Other Users
See our PEIR NTS and chapter 17 (Infrastructure and Other Users) of our PEIR

1.12 Seascape, Landscape and Visual Impact Assessment (SLVIA) See our PEIR NTS and chapter 18 (SLVIA) of our PEIR

1.13 Human Health
See our PEIR NTS and chapter 19 (Human Health) of our PEIR

1.14 Socioeconomics, Tourism and Recreation
See our PEIR NTS and chapter 20 (Socioeconomic, Tourism and Recreation) of our PEIR

1.15 Climate Change
See our PEIR NTS and chapter 21 (Climate Change) of our PEIR

1.16 Traffic and Transport
See our PEIR NTS and chapter 22 (Traffic and Transport) of our PEIR

Q2 Do you have any comments on our work to understand the technical and environmental constraints of the areas offered to us by the Crown Estate as part of its Round 4 leasing process?

This work informed our decision to locate Morecambe Offshore Windfarm within the proposed windfarm site. Constraints analysed and considered include water depths, wind capacity, wave height, seabed conditions, and the location of possible onshore connection and marine port facilities (among other things). See our PEIR NTS and chapter 4 (Site Selection & Assessment of Alternatives) of the PEIR for more information.

Q3 Do you have any comments on the possible community benefits of Morecambe Offshore Windfarm, and how the project can support the local, regional and national economy?

See our PEIR NTS and chapter 20 (Socioeconomic, Tourism and Recreation) of our PEIR. Please note that this work remains ongoing and more detail will be provided as part of our DCO application.

Q4 Do you have any comments on how we are proposing to construct Morecambe Offshore Windfarm?

See our PEIR NTS and chapter 5 (Project Description) of our PEIR for more information.

Form area for Q4 comments with horizontal lines.

Q5 Do you have any comments on how our project interacts with with other marine users? For example, commercial fisheries, ferry routes etc.

See our PEIR NTS and chapter 13 (Commercial Fisheries) for more information.

Form area for Q5 comments with horizontal lines.

Q6 Do you have any comments on anything else within this consultation?

See our PEIR NTS, PEIR and www.morecambeandmorgan.com/morecambe for more information.

Form area for Q6 comments with horizontal lines.

Your privacy matters to us and we are transparent about how we use your data.

FAQs

Why are we collecting this data?

- We value your feedback to help us develop our proposals for Morecambe Offshore Windfarm Generation Assets
- To allow us to keep you up to date as the project progresses
- To meet our statutory obligations under the Planning Act 2008 and any other relevant legislation

Who are we sharing this information with?

- With our contractors and suppliers with whom we have contracts in place to support in the development of the project. For example, Camargue, RPS and Royal HaskoningDHV who act behalf of Morecambe Offshore Windfarm Ltd.

- With relevant government bodies, such as the Planning Inspectorate and the Department for Energy Security and Net Zero, to support the project planning application process.

How long will we keep this information?

- We will keep the information for the time required to fulfil the purposes of the project.

If you wish to update your information, find out more, or make any requests, please contact:

- Email: hello@morecambeoffshorewind.com
- Phone: **0800 915 2493 (option 2)**
